

## DS-1000RGB (ShowNET)

Diode laser à modulation de couleur analogique

**Réf. : 51743250**

GTIN: 7640144997304

## DS-1000RGB (ShowNET)

Diode laser à modulation de couleur analogique

**Réf. : 51743250**

GTIN: 7640144997304

### Caractéristiques:

---

- Suitable for both beginners and professional users
- Multiple preset laser patterns included
- Control via DMX and ILDA
- Integrated Scan Fail Safety
- Low-maintenance due to Sealed Housing Technology
- P-Con terminals for power linking of several devices
- Interlock in and output
- Improved keylock
- L'appareil est refroidi par refroidissement par convection passive
- Commandé via stand-alone; DMX; ILDA; Art-Net; commande de la musique via microphone
