Description:

This portable disco ball with Bluetooth speaker by Eurolite is completely battery-operated and includes various preset programs to make your party a visual highlight. And at the same time, the integrated 3-watt loudspeakers deliver a booming sound.

The particularly compact device comes equipped with three energy-saving LEDs in the colors red, green and blue covering floors, walls and ceilings in all desired colors. What's more, an additional ring with another 48 LEDs generates atmospheric chase effects.

Enjoy music wirelessly from your smartphone or any other Bluetooth device via the integrated Bluetooth audio receiver. The USB port connects your USB flash drives. The included IR remote control allows for convenient operation.

The modern LED technology makes the device so energy-efficient that it can be operated for up to 2.5 hours before having to be recharged with the supplied charger.

Thanks to the ultralight plastic enclosure, you can easily take this disco ball with you and use the 3 magnets on the bottom to fasten it to metal surfaces.
