

OMNITRONIC LH-090 Polarity Tester System

Accurate determination of polarity

Art. No.: 10355090

GTIN: 4026397240313

The article is no longer in our assortment.

Description:

Finally there is a affordable polarity tester system. Compared to other systems, the LH-090 is three times cheaper. It does not matter if you need to test the polarity of speakers, amps or phones, the control is always very fast and simple. The result of the measurements is shown clearly by two LEDs. Every well prepared stage engineer should have this system in his tool box.

Logistic

EAN / GTIN: 4026397240313

Weight: 0,28 kg

Length: 0.20 m

Width: 0.14 m

Height: 0.04 m

Features:

- Set includes transmitter and receiver unit
- Easy and quick testing of speakers, amplifiers, microphones, etc.
- Receiver displays test result via two LEDs
- In and out via unbalanced jack sockets
- Acoustical and electrical output
- Adjustable input and output level
- Operation via 9 V battery each
- Powered by a battery/battery pack

Technical specifications:

Battery: 1 x 9.0 V E block 6LR61 alkaline manganese included

Dimensions: Width: 12,5 cm
Depth: 5,5 cm
Height: 3,2 cm

Weight:	220 g
Power consumption:	5 mA
Audio connector:	6.3 mm unbalanced jack
