DML-22 Compressor/limiter

Digital stereo multiband compressor/leveller incl. software

Art. No.: 10356390

GTIN: 4026397414219

Features:

- Digital stereo multiband compressor/leveller incl. software
- Splits the audio signal into 3 frequency bands (lows, mids, highs) for effective and almost inaudible compression
- Attack, release, hold, threshold, ratio, make-up gain per frequency band
- Crossover frequencies adjustable
- Peak limiter with threshold and release
- 48 kHz sampling rate
- Increases the loudness of your sound without any distortion
- Incl. software editor (for PC and Mac) for remote control via computer through USB interface: store, transfer, and manage your presets
- Up to 30 user presets storable in the device via software
- 5 menu languages selectable (German, English, French, Spanish, Dutch)
- Alphanumeric LCD screen with 2 lines of 16 characters each
- Input sensitivity digitally adjustable
- Inputs with 4-digit LED level meter as well as clip and limit LED indicator
