2-way stage monitor

Art. No.: 11038006

GTIN: 4026397288674

The article is no longer in our assortment.

Description:

Hear it right!

A monitor - the word is borrowed from Latin, by the way - somehow describes itself without much explanation. It controls something or to be exact, it easily enables a musician to check what he or she is playing and if it sounds right - so does the M-1020. This rugged monitor has a very high durability and was created for the use on stages. A product, that is absolutely indispensable for any live event.

Features:

- Rugged 2-way speaker-system in a stable wooden housing
- Large mid-range horn with coil-driver for balanced mids
- With passive 2-way crossover
- Powerful, dry bass via voluminous housing and bass-reflex tubes
- Horizontal loudspeaker alignment
- Very high durability
- Scratch-resistant, black felt-covering
- Strong protective grille for perfect protection
- With stable protective steel corners
