

**LAVOCE DN10.143 1" Compression Driver, Neodymium Magnet**  
35 W AES, 8 ohms, 110 dB, 1200 - 20000 Hz

Art. No.: 12602831  
GTIN:

**Features:**

- For further information about this product, please refer to the Data Sheet under "Downloads"

**Logistic**

**Technical specifications:**

|                  |                                                                                                                                             |
|------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| Power:           | Program: 70W<br>Rated: 35W AES                                                                                                              |
| Frequency range: | 1200 - 20000 Hz                                                                                                                             |
| Sensitivity:     | 110 dB                                                                                                                                      |
| Impedance:       | 8 ohms                                                                                                                                      |
| Speaker:         | Annular compression driver 1" with neodymium magnet<br>Diaphragm material: PEEK (H.T. polymer)<br>Voice coil compression tweeter highs 1.4" |
| Weight:          | 0.53 kg                                                                                                                                     |

**Scope of delivery:**

1 x speaker
