Description:

The INTUCAB 6FP100T is the most universal choice for audio systems requiring a small footprint, without sacrifice to sound quality and SPL. The multitude of connections (Speakon-compatible and 5mm terminal strip), as well as the available input transformer option for 100V systems, contribute further to its versatility. Mounting options include VESA, M6 and M10 mounting points, plus the (patent-pending) L-shaped reversible rear panel allowing for suspended mounting, truss mounting and bracket mounting. Available in black and white structural paint finish. Add the INTUCAB 8SM300T Subwoofer for extended low frequency performance.
