

## OMNITRONIC UHF-201 Wireless Mic System 864.300MHz

Wireless microphone system with UHF PLL technology

Art. No.: 13063212

GTIN: 4026397478372

The article is no longer in our assortment.

### Features:

- Receiver unit and hand-held microphone with UHF PLL technology
- Operation in the low-interference UHF band
- Parallel operation of up to 4 sets is possible without any interference
- Volume control
- XLR and 6.3 mm output
- Jack cable included
- LEDs for power, carrier and audio signal
- Microphone with mute switch and color indication
- Matching pocket transmitter can be ordered separately
- License-free and approved in the EU
- Operating range up to 50m with line-of-sight
- UHF 863 - 865 MHz License-free and approved in Europe

#### microphone

- Polar pattern: Cardioid

#### Package contents

- 1 x receiver, 1 x antenna, 1 x external mains adapter, 1 x microphone, 1 x jack cable, 1 x user manual, 1 x declaration of conformity

### Logistic

EAN / GTIN: 4026397478372

Weight: 1,05 kg

Length: 0.41 m

Width: 0.34 m

Height: 0.07 m

### Technical specifications:

Type: Wireless set

Power consumption: 1,75 W

Number of channels: 1

|                      |                                                                                                                 |
|----------------------|-----------------------------------------------------------------------------------------------------------------|
| Frequency range:     | 40 - 18000 Hz                                                                                                   |
| S/N ratio:           | >105 dB                                                                                                         |
| THD:                 | <0,5 % at 1 kHz                                                                                                 |
| Range:               | Range up to 50m with line-of-sight                                                                              |
| Frequency band:      | UHF 863 - 865 MHz                                                                                               |
| Carrier frequency:   | 864,300 MHz                                                                                                     |
| RF power output:     | 10 mW                                                                                                           |
| Modulation:          | F3F                                                                                                             |
| Frequency selection: | Fixed frequencies                                                                                               |
| Connections:         | Output: microphone via 1 x 3-pin XLR<br>Output: microphone via 1 x 6.3 mm plug (unbal.)                         |
| Weight:              | 0,70 kg                                                                                                         |
| Power supply:        | 100-240 V AC, 50/60 Hz<br>12V DC 500 mA                                                                         |
| Power connection:    | Mains input via coaxial power connector (M)<br>mounting version power supply cord with AC<br>adapter (provided) |
| Power supply:        | 3V DC                                                                                                           |
| Power connection:    | Battery/battery pack                                                                                            |
| Capsule type:        | Dynamic                                                                                                         |
| Polar pattern:       | Cardioid                                                                                                        |
| Battery:             | 2 x Mignon (AA) (not included)                                                                                  |
| Switch:              | Mute control; on/off switch                                                                                     |
