### Description:

Flightcase for 483 mm units

This ROADINGER flight case was specially made for your 483 mm devices, such as controllers and mixing consoles, with 8 U. The slanted profile rails and the removable lid allow you to operate your equipment from above in an optimal way. In addition, the interior of the flight case is lined with foam padding to protect your equipment from scratches and light impacts.

The high-quality workmanship of the flight case with 6 mm wall thickness, aluminium profile frame with rounded corners and three-legged, medium-sized steel ball corners provides stability.

The four steel-reinforced rubber feet give the case the necessary stability.

The case also has two high-quality, lockable butterfly locks and a padded carrying handle.
