

SOMMER CABLE Microphone Cable 2x0.14 100m bk CICADA

High-quality cable

Art. No.: 3030744S

GTIN: 4049371002066

**List price: 177.31 €**

incl. 19% VAT.

Description:

This tiny twist with its 2.6 mm diameter fits in wherever there is little room. The SC-CICADA SO-D14 was originally developed as a high quality cable for the inside wiring of racks and audio equipment. In the meantime the SC-CICADA can be found on many clip and ear microphones, head sets, and speaker units.

Especially appreciated is the extreme flexibility, the dense spiral shielding, and the pre-twisted and tin-plated drain wire on the SC-CICADA SO-D14, which gives the cable additional protection against bending and tearing.

If you are a manufacturer of high quality audio components, then wire your units with this cable! The low noise and the shielding will amaze you!

Available with a PUR-jacket (resistant to notching and cold temperatures!)

Logistic

EAN / GTIN: 4049371002066

Weight: 1,50 kg

Length: 0.20 m

Width: 0.20 m

Height: 0.10 m

Features:

- Highly flexible due to the fine copper strand construction
- Easy to work with due to the additional filler strand (0.22 mm²)
- Outstanding shielding due to dense spiral shielding, 95 % optically opaque
- Longevity and resistant to notching due to the tough PUR-jacket
- Flexible cable for clip microphones, ear phones, speaker units, etc.

- Made in Europe

Package contents

- 1 x cable

Technical specifications:

Cable construction:	2 x 0,14 mm² microphone cable
Cable length:	100 m
Color:	Black
Weight:	1,48 kg
