Description:

Only 0.5 kg light and easily portable with one finger - the LED PARty TCL spot is one of the smallest and lightest entertainers among the PAR spots!

Twelve high-performance RGB LEDs produce thrilling color mixtures, rapid color changes, dimmed light as well as dynamic strobe effects. The fixture can be controlled via DMX or operated in standalone mode. Color change, dimmer and strobe are adjustable - and of course, there's also a sound control mode.

Thanks to the integrated mounting bracket, the spot can be easily installed even by laymen. What is more, the modern LED technology makes it particularly energy-efficient.

All in all, the LED PARty is perfectly suited for home use - for parties at home as well as for kids' rooms. Just put the plug into the socket and get the party started!
