Description:

Light a fire!

Fire produces warmth and coziness. Especially on cold winter days, it is comfortable to sit in front of a chimney. But really not everybody possesses such a natural light and heat source. For all these however, EUROLITE has a cheap, small, and not burning solution: The Flame Light. Three colored halogen bulbs illuminate a cloth, that is set in motion and thus create the illusion of a blazing flame. It burns in a stylish metal bowl. Via three rustic chains the Flame Light is hanging from the ceiling, so only little space is needed. So there is nothing in the way of a cozy evening.
