

FUTURELIGHT LCC-18 W/A LED daylight spot

Compact LED daylight spot

Art. No.: 51841316

GTIN: 4026397254570

The article is no longer in our assortment.

Description:

Hot Thermistor!

Cold and bad weather dampens the mood whereas sunshine and warmth lend wings to us. A fact that can be somehow conferred to the lighting technology. At least cold light has another effect on people than warm light and depending on the working field, one or the other alternative is the appropriate one. With our daylight spot the desired effect can be smoothly modulated as the amber LEDs can correct the color temperature of the 15 white LEDs. By the way, the amber LEDs are always activated in addition to the white LEDs and thus take influence on the warmth and effect our mood.

Features:

- Equipped with 18 x 1 W LEDs: 15 x white, 3 x amber
- High power LEDs made by Lumileds, USA
- Long LED life
- DMX-controlled operation or stand-alone operation with Master/Slave function
- Strobe effect
- Preprogrammed scenes in sound control mode
- 8 built-in programs can be called up via DMX controller or DIP switches
- Sound-controlled via built-in microphone
- DIP switches for adjusting the DMX-starting address
- Ideal as floor spot via additional bracket
- Advantages of LED technology: long life, low power consumption, minimal heat emission, defacto maintenance free with brilliant light radiation
- DMX control via every standard DMX controller
