The article is no longer in our assortment.

Description:

Ennobled architecture!

Whether beautiful old castles or modern museums: architecture is fascinating and has a knack of wowing you. But when it is getting dark, the shine is taken out. If you trust our brilliant outdoor floodlight instead, you will be able to present your desired houses or objects in the proper light and thus create an atmosphere, that strengthens the impressions of the beholder. By doing so, an object that is fair itself, can gain additional attractiveness. Operations during bad weather do not pose a problem. The floodlight is available in five different colors, three different sizes and three versions of the angle of reflected beam.

Features:

- Floodlight with static color
- Provides a unique atmosphere
- Ideal LED-beam-lighting for permanent installation as well as outdoor use
- Mounting brackets for installation included
- The weather-resistant housing also allows operation during bad weather
- Extremely compact housing in a beautiful design
- Ready for connection with safety-plug
- Available in 3 sizes and 5 colors
- Available in 3 versions of the angle of reflected beam per LED: in 15°, 45° or in 80° version
- Advantages of high-power LED technology: extreme light output, long life, low power consumption, defacto maintenance free
