

EUROLITE LED MAT-192 Matrix projector

This LED projector shines through RGB motifs and texts

Art. No.: 51918555

GTIN: 4026397314694

The article is no longer in our assortment.

Description:

Comes to the point!

Many single stones do create huge buildings and many single spots can create a big entity. In the case of our MAT-192 many light spots do build impressive scenes or texts. More precisely this is happening via LED-matrixes. And because our MAT has a command over 192 diodes - 72 red, 48 green and 72 blue ones - the said scenes are consequently variant and multifarious. In doing so, 16 programs that are driven by music beat are available. In addition to the 10 already existent sets, another 5 sets can be entered individually via IR remote control, so you interact if necessary at any time. A real benefit for stages, clubs, theaters or even shopping malls and hotels.

Features:

- LED effect projector remotely controllable with optional IR remote control
- RGB matrixes display patterns and texts
- Suitable for all kinds of messages in bars, discos, shops and restaurants
- Equipped with 192 5 mm LED (72 red, 48 green, 72 blue)
- DMX-controlled operation or stand-alone operation with Master/Slave function
- Control via IR remote or any standard DMX512 controller
- 16 internal automatic programs with variable speed
- 10 preset phrases (e.g. Happy Birthday, Party, Last Call)
- 5 custom text storage spaces (with IR remote only)
- 30 characters max. per storage space
- 4-digit LED display with control board
- Strobe effect
- Sound-controlled operation via built-in microphone
- Ready for connection with power cord and safety-plug
