

EUROLITE LED SCY-7 Beam Effect

Classic RGB beam effect with 63 LEDs

Art. No.: 51918670

GTIN: 4026397327724

The article is no longer in our assortment.

Description:

Fantastic light fan!

Normally it produces air and therefore causes a cooldown, relaxation and ultimately a sense of wellbeing: the fan. Now you might ask yourself, what this has to do with the EUROLITE SCY-7 RGB? Well, actually the answer to this is obvious. As this effect possesses a lens row with 7 lenses which rays split on a big area, giving the impression of a fan made out of a stream of lights. Hereby, the lenses can either be switched simultaneously or consecutively, so that the fan opens up step by step.

Equipped with 9 LEDs per lens, each of a 5 mm diameter, it produces an amazing brightness and intensity; it certainly takes care for your wellbeing, but on its very own, peculiar and colorful way.

Features:

- Nine beams exit from every lens and modulate with every bass-beat
- 1 row with 7 glass-lenses
- Up to 63 beams provide a room-filling effect
- Sound-controlled via built-in microphone
- Easy installation via mounting-bracket
- Innumerable uses
- Perfect in public places, main halls, stages, lounges
- Ready for connection with power cord and safety-plug
- Particularly bright illuminating power of the 5mm LEDs
- Advantages of LED technology: long life of the LEDs, low power consumption, minimal heat emission, defacto maintenance free with brilliant light radiation
- Control via stand-alone
