Description:

You'll be in cash!

Even if some road users might complain about the forest of traffic signs on our streets, sign boards are inevitable to safely find ones way at any time. In general signs do serve the purpose for orientation, which illustrates our LED Sign very clearly. This of course, was not meant for the road, but in dark rooms or at events with little light, the 32 LEDs are heading the stream of visitors in the right direction. At the same time the sign can be installed dead easy and convinces, besides its optic, with technical advantages which the LEDs simply offer: small power consumption or even minor maintenance costs. The check out counter sign is beside the RGB version also available in blue and green.

Features:

- Especially by night, or in darkend rooms the LEDs of this luminous sign light the way
- Perfect for use in discotheques, main halls, stages, lounges even party rooms
