Microphone absorber system for studio and live applications

Art. No.: 6000628D

GTIN: 4026397389043

List price: 117.81 €

incl. 19% VAT.

Description:

Microphone absorber system for studio and live applications

The portable absorber AS-01 is ideal for your studio and live applications. The chrome-plated steel frame with high-density acoustic foam reduces disturbing room influences such as reflections, echoes and background noise in your vocal and instrumental recordings to a minimum.

You can mount the diffuser quickly and easily on any standard tripod.
