### Features:

---

- FrontCover profiles are fixed to the FrontCover Holder which allow a seamless hanging of fabric panels at the front edge of the OnTruss EventBoard.
- Plastic profile with loop tape
- Length can be shortened as required (with side cutter, saw or scissors)
- For clamping fabric panels up to 1mm thickness (typically 0.5mm)
- Ideal for panne velvet, satin and decorative fabrics
- Suitable for covering the truss (if truss optic is not desired)
- Made in Germany
