Powerful radial wind machine with a circulation of 5100 m³/h

Art. No.: 80208051

GTIN: 4026397304206

List price: 474.81 €

incl. 19% VAT.

Description:

Gale warning!

He can freshen, rise but also beat. So it is true to say, that something is in the wind. But fortunately, our RF-1200 does not present itself as unpredictable as the natural force. Quite on the contrary: you can choose between three different speed modes and three different air discharge angles. So you are in control and can decide, whether a storm should be raised or a gentle breeze is appropriate. Install this wind machine in discotheques, at fashion shows or in theaters and it will always cut quite a figure.

Features:

- 3 speed modes - from gentle to stormy
- Operating position 0°, 45° or 90°
- Easy handling
- Sturdy polyethylene housing with handle qualified for road use
- Control via stand-alone
- For application areas such as: Theater; Trade fair and shop fitting; wedding/gala/events; clubs/dancing school

Package contents

- 1 x device, 1 x user manual
