eurolite®

VSD-108 Video distributor 1in8

8-fold AV distributing amplifier

Art. No.: 81013015

GTIN: 4026397279931

Features:

- Distribute audio, composite video and s-video television signals from a single AV source to multiple television monitors
- Daisy-chain several units for larger displays with equal picture quality and save the expense of additional AV receivers
- Integrated amplifier for lossless signal transmission
- Signal transmission up to 50 meters
- Additional AUX In for connecting a music source
- For application areas such as: Restaurants, bars and hotels
