

EUROPALMS Ficus longifolia, artificial plant, 165cm

Ficus Benjamini with natural stems and long leaves

Art. No.: 82506350

GTIN: 4026397641998

List price: 153.51 €

incl. 19% VAT.

Description:

The special feature of this artificial birch fig from Europalms are the long leaves made of high-quality textile material. They earned it the name "longifolia", which means "long leaf". The processing of real wood trunks and the lifelike reproduction of the tree crown give the evergreen artificial tree its natural appearance.

The leaves can be bent into shape (further apart = more voluminous) according to location and need. With this noble version you have a timeless, stylish decoration, which upgrades and enlivens your premises.

The Ficus Longifolia has a total height of approx. 165 cm and is already supplied in a basic gardener's pot, which gives the plant a stable stand when placed in a planter.
