Description:

Whether for work areas in home offices or open-plan offices, or as table and counter decorations for residential and commercial spaces, the artificial mini golden fruit palm brings fresh greenery to your premises. As a houseplant, it finds its use anywhere where space is limited.

From the tube-like shoots, only the pinnate foliage can be seen as bushy branched fronds on the artificial seedling of an areca palm. These were completely made of PE - so the plant can also find its use in the protected outdoor area. The included basic garden pot is covered with artificial soil and can serve as a stand for a planter, as well as be used as a decorative pot.

Features:

- Falls in shape by itself
- The article is delivered Ready to stand
- Suitable for protected outdoor areas
- With 10 lifelike fronds
