Art. No.: 83316137

GTIN: 4026397715347

List price: 117.81 €

incl. 19% VAT.

Description:

With the Horror Clown from Europalms, you can turn your Halloween or theme party into a scene of horror. With him, unlike his funny colleagues who are popular for their witty jokes, goose bumps are inevitable.

Even though he wears a typical clown costume with a double collar and an overcoat of coarse fabric, our breath freezes when we look at his face. Dark circles frame his poisonous green eyes with red flashing LEDs and form a great contrast to his white painted face. His oversized mouth is open into a demonic grin, revealing his rows of vampire fangs. A fuzzy fringe of orange hair completes the fearsome appearance.

His arms easily bend into shape and move up and down with a motorized mechanism. In addition, the head performs circular movements. In combination with haunted sounds, his scary clown voice can be heard.

The animation of the clown can be activated via integrated microphone, the switch pad "Step here" or wired, manual control.

The power supply of the decorative figure can be done via battery operation, USB-A cable for 5 V operation via power bank or power supply unit.

Logistic

EAN / GTIN: 4026397715347

Weight: 1,87 kg

Length: 0.43 m

Width: 0.25 m

Height: 0.25 m
