Description:

Her glittering cloak sways gently in the wind, her pale face wears a seemingly friendly smile - but if you think Lisbeth is a lovable witch, you are very much mistaken. She is the perfect eye-catcher at any Halloween party and is sure to get people talking.

With her long gray hair and slightly greenish shimmering skin, the hanging figure appears harmless at first. Two protruding teeth flash from her half-open mouth and the softly falling fabric of her robe seems to disappear in the dark. But Lisbeth is no ordinary appearance, because as soon as the animation starts, the deceptive calm is gone. Her eyes begin to glow ominously, while sinister witches' spells sound out of nowhere. The voice - shrill, bewitching, full of mockery - leaves no doubt that Lisbeth is pursuing her own wicked plan.

The Halloween figure's animation is activated by an integrated microphone or wired control. A loop attached to the head serves as a hanger.
