L'article n'est plus disponible.

Description:

No classic club and no big stage can do without it: the smoke-machine. It is not only its power-output that makes the NX-150 attractive. The difference to other machines is made by the new design. A well-done facelift of this aluminum construction that can be easily controlled via DMX or a timer.

Caractéristiques:

- Smoke machine with powerful smoke output
- Control via comfortable remote control with LCD display and 10 m cable
- Timer mode functions available via remote control: Interval, duration and output volume
- Remote control connection via 5-pin XLR socket
- Ideal for large discotheques or large stages
- With mounting bracket for hanging installation
- DMX control via every standard DMX controller
- Powerful output
- Fluid level indication
- Compact casing
