

ALUTRUSS TRISYSTEM PST-400 3-way cross beam

Système de traverses de haute qualité

Réf. : 6020410B

GTIN: 4026397083415

L'article n'est plus disponible.

Description:

TRISYSTEM PST 3-point truss system

TRISYSTEM PST is a 3-point truss system made of aluminum. The individual elements are connected via three tube fasteners and two M10 bolts and nuts.

The three main chords are made of 50 mm aluminum tube with 2 mm wall thickness and offer a good relation between strength and weight. The braces have a diameter of 16 mm with 2 mm wall thickness and leave enough space for installing couplers, hooks and clamps.

With 263 and 238 mm outer dimensions, TRISYSTEM PST is a relatively compact truss system for higher loads. TRISYSTEM PST is mainly designed for permanent installations in shops, discotheques and theatres.

By using the optional rapid snap connectors, this system can also be used for fair installations and event installations.

Altogether a universal truss system impressing with its wide range of standard system lengths, corners and accessory.

Caractéristiques:

- Extreme stability
- Easy installation
- Low weight
- For exhibition and shop installers, discotheque and theatre installations
- 1 x Connection set included
- Tube porteur: 50 mm

Logistique

EAN / GTIN: 4026397083415

Poids: 2,97 kg

Longueur: 0.40 m

Largeur: 0.31 m

Hauteur: 0.27 m

Données techniques:

Tube porteur: 50 mm x 2 mm

Entretoise diamètre x épaisseur: 16 x 2 mm

Poids: 2,06 kg

Connectors: 200 x 3 mm

Welding material: AlMg 5

Welding technique: TIG-welding

Outer dimensions:

Width: 263 mm

Height: 236 mm

Length: 400 mm
