A dark shadow glides silently through the night - a messenger of doom or a guardian of darkness? The mystical raven from Europalms is a mysterious decorative element that creates a spooky atmosphere and a touch of dark magic!

With its glowing red eyes, the raven seems to have sprung straight from a dark legend. Its black and white mottled plumage gives it a mystical and almost ghostly appearance. Although it does not have the typical deep black coloring of a raven, it still radiates an enigmatic aura - as if it were a supernatural being from another world.

Measuring approx. 18 cm tall, it is an eerie eye-catcher in any Halloween decoration. Whether on an old stack of books, next to a crystal ball or on a table covered in cobwebs, this unusual bird fits perfectly into any spooky setting.
